

HUSH ACOUSTIC WHITEBOARD

Practical acoustic control element

The Hush Acoustic Whiteboard delivers in two ways: it serves as sound insulation by absorption out background noise while it also functions as a writing surface.

The enamel steel e3-surface we use is hard as granite and we issue it a lifetime warranty. The color options on the whiteboard are white, beige and gray.

Select the side elements that match the colours in the room from RAL color chart.

Practical and visually stimulating!

You design -we make it happen
