

HUSH ACOUSTIC PANELS

Decorate with colors and images

With acoustic panels you can prevent echoing, noise and improve speech distinctiveness. Hush Acoustic panels can be tailored to suit your space and your needs.

The frame of the panels is a 50 mm deep wood frame. The sound absorbing material is a 50 mm wool sheet and has the M1 rating. According to EN ISO 354 standard, the material has the class A sound absorption.

The Max Cotton fabric is 100% cotton and offers 25 different color options. Other fabrics and colors are also available upon request, as well as prints.

You design - we make it happen
