

TEAMWORK OFFICE

Stylish movable writing board

TeamWork Office is a stylish solution when space is at a premium and you need a whiteboard or notice board.

TeamWork Office is designed to stand firmly in place. Four lockable wheels ensure safe operation and easy mobility. Veneered shelves provide extra space for folders, brochures and other materials. Rounded steel tubular frames finish off an impressive design with no sharp corners or edges. The boards are reinforced with a soft plastic edge.

The writing surface is a state-of-the-art magnetic enamel steel with a lifetime warranty. You can use a marker pen to write on the surface and the surface is easy to clean with a dry cloth. You can also use magnets, so the wall also acts as a notice board.

You design – we make it happen
